What is the secret to startup accounting?

Emma Tsuber
Audit Senior Manager

People are key to whether the company is audit-ready or not. Having someone that is really solid in accounting knowledge and processes will fundamentally improve the audit process.

There are 2 pivotal accounting & finance hiring points for a startup:

1. Approaching your first audit: you want to at least have a good bookkeeper, at least a fractional CFO
2. Approaching Series A fundraise: hire a VP Finance or Controller
